STSN Govt.Degree College
Department of Chemistry
Student's Study Projects

1. Student study projects under the guidance of **Dr. M. Sankara Rao, Lecturer in Chemistry.**

- Project on Determination of amount of Alkanity and Hardness in different samples, which are collected from Kadiri surroundings.
- Project on Bio-Plastics.
- Project on Role of Fruits in securing the health of human beings.
- Project on Biological significance of essential elements.
- Project on Fluoride estimation in the ground water.
- Importance of Vermin compost in Crops.
- Project on Photocatalysis.

2. Student study projects under the guidance of **J.V.Ramana, Lecturer in Chemistry.**

- Project on Green Chemistry.
- Project on Study on Soaps and Detergents.
- Project on Fluoride and Fluorosis.
- Project on Soft Drinks.
- Project on Hardness of Water.

3. Student study projects under the guidance of **B.Bhaskar Reddy, Lecturer in Chemistry.**

- A Project on Antibiotics.
- A Project on Cancer.
- A Project on HIV-AIDS.
- A Project on Heart Attack.
- A Project on Asthma.

4. Student study projects under the guidance of **A.Rukminibai, Lecturer in Chemistry.**

- Project on Bio-Gas.
- Project on Solar Energy.
- Project on Fertilizers.
- Project on Wind Energy.
- Project on Effects of Cosmetics on human body.
- Project on Ozone depletion.
