

STSN GDC, KADIRI.

Sri Sathya Sai Dist. A.P.

4.4.2 - There are established systems and procedures for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc.

Institutional mechanisms for maintenance and upgradation of the **physical infrastructure, academic and sport facilities, and equipment** are as below:

Building and Infrastructure: Being fully government institution, a constant effort is made to provide safe and secure space for equipment and tools. The construction, minor repairs, electrical repairs and maintenance of the main building and physical infrastructure will be taken up with the grants sanctioned by the state government and RUSA funds. If there is any major work which is above one lakh rupees such works are done through e-tender system by the government agencies as per norms. For the maintenance of toilets and menial services local sweepers are engaged on contract basis.

Laboratory Equipment: Every department maintains stock registers for their equipment. It maintains consumption register regularly to keep account of the used material and non-functional glassware, miscellaneous items etc. Computers maintenance and upgradation is looked after at departmental level.

Maintenance of Library / Sports Equipments: Accession and withdrawal / dead stock registers are regularly maintained to keep the record of updated and dead stock accessions. Regarding sports facilities the department of Physical education, regularly maintains the stock register for the equipments and materials related to the sports.

The Institution has adequate infrastructure and physical facilities for teaching- learning. viz., classrooms, laboratories, computing equipment.
