9	APCCE Website	Ministerial Information System	
10	College website	Academic and administration	
11	Inflibnet –SOUL	Library	

The institution acquired the Inflibnet software and website using college funds. The remaining facets of e-governance aspects are managed collaboratively with the Commissionerate of Collegiate Education and affiliating University.

Technology enabled governance

For effective administration at institution level the administrative apps and academic apps are introduced for real time monitoring of the activities.

The academic related apps such as C-Mapp, A-Mapp, I-Mapp, Internship Portal and Administration related apps such as E-Office management G-Mapp, SIMS, FRAMS are helpful in achieving the vision and goals.

C-Mapp

C-Mapp is the digital initiative implemented to monitor online/ offline teaching learning process which is available in two forms, web application for desktop users and mobile application. All the faculty are using TLP App to report and monitor teaching and learning progress daily. The college prepares course wise transaction curriculum and map them to the respective teachers through the principal's dashboard of web application.

1. Benjamin Bloom, an educational Psychologist devised a pyramid model that represents different ways of learning which is known as “Blooms Taxonomy” and is described below:

A learner is expected to progress from the lowest level of the pyramid to the highest i.e. from the Lower Order Thinking Skills (LOTS) to the Higher Order Thinking Skills (HOTS)

2. There is every need for a change in focus in the internal assessment from question patterns that require simple memory recall to a judicious mix of questions which assess,
 - ✓ Knowledge acquired
 - ✓ Standard application of knowledge
 - ✓ Application of knowledge in new situations
 - ✓ Critical evaluation of knowledge
 - ✓ Ability to synthesize knowledge drawn from different sources
3. Therefore the internal assessment should be aimed towards ensuring the descriptions of the abilities and other qualities a course seeks to develop in students. In other words, from inert product to processes and capacities that point to continued learning.
4. The major principle for improving the quality of internal assessment is that a variety of means of assessment should be used to match many dimensions of learning objectives. The use of many such devices is possible only in the college setting of internal assessment handled directly by the individual faculty member.
5. Under the above circumstances, the CIA has been divided into four categories of inventory tasks and activities as detailed below:

S.No	Type of Assessment	Weightage Assigned
(i)	Assignments	10
(ii)	Project-Work/Seminar/Group Discussion/Role play/Quizzes/Presentations	10
(iii)	Extra-curricular activities like cleaning & greening, NCC, NSS and attendance	10
(iv)	Testing of knowledge though Mid-term examinations	20
	TOTAL	50

Accordingly the guidelines as prescribed by CCE are followed

- (i) Student-wise and Semester-wise CIA Record is maintained by the concerned faculty member as per STUDENT ACADEMIC EVALUATION REGISTER
- (ii) Subject-wise and Semester-wise CIA Record is maintained by the concerned In charge of the department of all the students of the subject as per STUDENT ACADEMIC EVALUATION REGISTER prepared by concerned faculty
- (iii) Program-wise and Semester-wise consolidated CIA Records of all students of the college are maintained by the Principal of the College/Examination i/c. Similar Registers are to be maintained for Life Skills, Skill Development Courses etc.

I-MAPP

The Internship Monitoring app(I-MAPP) provides Internship opportunities to students with industry connect and monitors the status of every student. It is available in both web and mobile application forms where the assigned tasks are reflected in the student login enabling the student submit the task report with attachments. It also enables the mentor to post his comments on the student task report and alerts the student so that the student can improve himself/herself according to the guidance.

The identified internships and industries are mapped to students through the internship web portal after completing 4th sem and during 5th or 6th sem.

POLICY ON E-GOVERNANCE

Scope:

The scope of this policy extends to the following areas:

- ✓ General Administration (E-OFFICE)
- ✓ Student Admission (OAMDC)
- ✓ Examination (JNANABHUMI)
- ✓ Library (INFLIBNET)
- ✓ Accounts and Finance (F-MAP)
- ✓ ICT Infrastructure (Wi-Fi)
- ✓ Grievances (e-CEGRaM)

Objectives:

- Implementation of E-governance in all functioning of the institution in order to provide simpler and efficient system of governance within the institution.
- To promote transparency and accountability in all the functions of the college.
- To achieve and create a paperless environment in the college.
- To provide easy and quick access to information.
- To make campus Wi-Fi enabled.
- To make our Classrooms ICT Enabled having Desktops, Laptops, Smart boards, Projectors, etc.
- To establish a fully automated Library.

Policy:

- ✓ The college will implement e-governance in all aspects of functioning like library, accounts, admissions, administration, teaching, redressal grievances etc.

- ✓ The policy is designed and framed to make each and every function transparent and accountable.
- ✓ The College decides to make the following policies and procedure:

Website:

The website will act as an information center which will reflect about the college, all its activities, important notices, courses offered, etc. For this purpose, a separate service provider/web designer will be appointed by the college.

Student Admission:

An open and transparent strategy for the admission process is followed through OAMDC. The College brings out its Brochure which is displayed on the website that has guidelines for the admission process.

Accounts:

The College maintains its all financial transactions through F-Map, an APP designed by APCCE.

Library:

The College continues to maintain its academic excellence through maintaining a well-stocked library. The College will add more and more e-learning resources for the benefit of the teachers and the students. The College continues to subscribe to new journals and books regularly.

Administration:

- ❖ Attendance Management Software to be used by Staff and Teaching Faculty to record and track Attendance, Internal Assessment, etc. Monthly Reports, Semester End Reports should be generated to automatically calculate the Internal Assessment marks for attendance.
- ❖ Administrative Office should use Advanced Excel and File Management System Tools to maintain effective database.
- ❖ To provide a hassle free, convenient and smooth process, administration of the college to be made paperless.
- ❖ Students must be able to obtain maximum services in online mode.

- ❖ The college will look into opportunities to automate some of its functions related to administration.
- ❖ Admin Staff to be provided with adequate training and development to keep them abreast with the new technology.

Examination:

The Examination process is regulated by the University and thus e-governance policy of the University to be adopted in this regard.

Alumni:

In order to strengthen our alumni relationships, a separate alumni icon with proper dropdown box has been provided in the college website to have more interaction with our rich alma meter in getting their advice.
